

April 2011 Newsletter

Rubbish Collection

A jumbo bin for inorganic rubbish will be provided in the car park around the first week of June. Confirmed dates will be advertised in the next newsletter. Residents should avail themselves of this.

Pool

After a very successful summer season the hot water will be turned off at the pool after Easter.

Foyer

The work on the foyer is progressing steadily. Shortly, it will be looking very smart thanks to the hard work of all concerned.

We hope to have the plastering completed by Monday and the painters will finish soon after Easter.

Gardens

After Easter there will be some changes to the landscaping at the front entry to allow the garden levels to be lowered to minimize the risk of water coming into the foyer.

Newsletters

If you are aware of any residents that are not receiving the monthly Newsletter and any special notices sent out by the Board could you please bring this to the attention of Ron.

Ron and Anne will be away for Easter Weekend, Bob Hill will be supervising in their absence.
